

2024 Englewood Open MTB

Technical Guide

v.2 (04/27/24)

The Englewood Open is a category 1 XCO and category 3 XCC UCI event that will be held May 17 and 18, 2024 (Friday & Saturday) in Fall River WI. WORS series racing will be on May 19, 2024 (Sunday) and is a USAC points only event.

Online registration can be found at www.bikereg.com/englewood-open , and we encourage racers to register online before midnight, May 15. On-site registration will be an additional fee (tbd) and USAC category racers will not be eligible for call-ups. We recommend racers bring cash or check as credit card payment may be difficult with our remote location. On-site registration closes 1/2 hour before each event.

Please note, you will be using the same set of numbers for both Friday AND Saturday.

Venue

The Englewood Open is held on the Englewood Grass Farm, owned and operated by Ben and Kristi Agnew and family. We are a working farm with livestock, and we do NOT allow pets onsite.

- Use of glass bottles is prohibited.
- Empty gel packs need to be kept on-person by racers.
- Any racer observed intentionally littering will be penalized 5 minutes, which can be lifted after the racer has performed 30 minutes of course cleanup.

These rules are for the health of our cattle, and safety of everyone on our farm. For more information on the farm, visit englewoodgrassfarm.com. The address is:

Men Elite, Women Elite, Men U23, Women U23, Men Junior 17-18 and Women Junior 17-18 races are designated UCI C1 events. Riders entering these races must have a UCI license. All other races are run under USAC rules and a domestic USA Cycling license is required. One-Day licenses are available for an \$15 additional fee at the time of registration - either on-site or through BikeReg : www.bikereg.com/englewood-open

Course

The 4.9 mile course has been designed and constructed over the past 16 years specifically for cross-country racing. It takes full advantage of the natural features of the property. Features include punchy climbs and technical rock gardens, with plenty of berms and jumps to keep racers on their toes while battling for position. Special attention has been given to create plenty of passing opportunities throughout the course, which allows safe and fair racing for all participants.

Racer Check-in and Plate Pick-up:

Racer check-in and plate pick-up will take place at the registration tent located at the infield area. Please review the schedule for dates/times.

Each cyclist is given a handlebar plate with their registration which must be kept throughout the event. At Racer Check-in and Plate Pick-up, the cyclists must present their license to the officials/staff.

Any modification to the plate (cut, sticker, etc.) may result in the replacement of the plate at the cyclist's expense. The athlete who does not have their plate at a race will have to pay a fee of \$10 to obtain a new plate.

Course Inspection and Pre-ride

- All racers must display their number plates and be previously registered for their events while on the venue.
- All coaches and non-racers must sign a waiver BEFORE they are allowed to ride on the property.
- While on course, riders should use caution at all pedestrian course crossings, as course marshals will not be present until competition begins.

* The venue is a private property, and riders must sign a waiver at the registration tent and obtain permission from the race director to be on-site if they want to ride the course before May 16.
